

EUCS Eligibility Rules

1. EUCS Tournaments Definition

- 1.1. The EUCS consists of "EUCS Events" including: Qualifiers (EUCQ), Regionals (EUCR) and Finals (EUCF).
- 1.2. Each Section (typically a country) may use a single tournament (e.g. Nationals) or a series of tournaments (e.g. Tours) as Qualifiers.
- 1.3. Each Section earns bids to their EUCR according to EUCR bid allocations.

2. Ultimate Club Team Definition

- 2.1. An Ultimate Club Team (henceforth referred to as 'Team') is a group of people who play together and enter ultimate tournaments under that Team's name.
- 2.2. A Team that enters into an EUCR is identified by its roster ("EUCS Roster").

3. Player Restrictions

- 3.1. Only players rostered for a Team may play at EUCR or EUCF.
- 3.2. No player may be rostered for two Teams simultaneously, independently from the division.

4. EUCS Team Rosters

- 4.1. National rostering systems and eligibility rules are used for EUCQ.
- 4.2. A Team that chooses to participate at EUCR has to submit an EUCS Roster by the deadline defined for its region (see Standard Deadlines). Rosters then are frozen. National Organizations or an equivalent Sectional Committee has to approve the EUCR roster (see Rostering Process).
- 4.3. A Team that does not advance to the next stage loses its roster. Players from such a team may be added to rosters of other teams subject to the limit in 4.4.
- 4.4. After the rosters are frozen, a team may only add to its roster a maximum of 3 players in the Open division,

5 players in the Women division,

5 players in the Mixed division,

5 players in the Master division

in total throughout the EUCS season. All additions must be submitted to the CSC by the deadlines published on the EUCS website.

5. Additional Players

- 5.1. The definition of "Additional player" is up to the National Federation of each country as long as the roster submission is still open (basically, it is a player that does not play with the team

usually). Usually a player is considered as "Additional Player" by a National Federation if s/he was not on the roster for national championships and is not part of the club.

5.2. Once EUCS Rostering is closed, any addition to the submitted roster is considered an "Additional player", regardless the specific national federation eligibility rules.

6. Responsibilities of National Federations and of Teams

6.1. National Federations (in the following just NF) are responsible for the payment of the deposit for the EUCRs and for the approval of the EUCS rosters of their teams.

6.2. Teams are responsible for the submission of their EUCS rosters and for the payment of the due fees within the defined deadlines.

6.3. A detailed description how the FFindr-based rostering system for the Championship Series can be found here.
